

COURSE TITLE : LIGHT VEHICLE DEFENSIVE DRIVING TRAINING 4WD (LV-DDT) - BASIC

COURSE OBJECTIVE

The LV-DDT 4WD (Basic) is designed, to enable a Light Vehicle Driver (4WD) to manage and maneuver vehicle safely. The trainees will also be taught into the proper and comprehensive Vehicle Maintenance procedures and protocols.

The aim of this 4WD training course is to improve your knowledge and skills in safely operating a four-wheel-drive vehicle in a variety of hazardous conditions and all-weather situations in regional and remote Malaysia. Poor driving habits in a 4WD vehicle can increase your maintenance costs and the consequences can be expensive or even life threatening.

Trainees will be assessed on the understanding of new knowledge and the ability to apply the newly acquired skill on the roads.
